

Petrol Forecourt and Green Area, Thailand

Fibrelite Supply Watertight Tank Sumps and Manhole Covers for the Petrol Forecourt and Green Area in Thailand

Now Allowing Easy and Safe Access

Fibrelite's lightweight, watertight manhole covers and tank sumps have been specified by a leading oil company in Thailand.

Fibrelite's access covers are lightweight, durable and very strong. Every Fibrelite cover is manufactured using high-technology RTM production methods to create a highly engineered, monolithic composite product.

Thailand Petrol Forecourt and Green Area

Fibrelite's watertight covers and tank sumps

40" (1020mm) Fibrelite cover (FL 100) with 25 tonne load rating

Highly Effective in Preventing Water Ingress

Many areas have persistently high water tables and Fibrelite's vacuum testable tank sumps have proved highly effective in preventing water ingress and subsequent damage to tank top equipment and possible water contamination to the fuel.

Fiberglass turbine sump with 55" tank collar

Lockable, Watertight Tank Sumps

In addition to using lightweight C250 1000mm forecourt covers for trafficked areas, Fibrelite has also supplied lockable, watertight tank sumps for the green area which perfectly fit the clients' requirements.
